FINAL REJECTION

Status of the Claims

Claims 1-5, 7, 9-11 and 24-26 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 12, 15-20, 22-23 and 27-28 are allowed.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-5, 7, 9-11 and 24-26 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 1-5, 7, 9-11 and 24-26 are directed to a system composed solely of software. The system does not provide any useful, concrete and tangible result and is essentially nonfunctional descriptive material.

Allowable Subject Matter

Claims 12, 15-20, 22-23 and 27-28 are allowed.

Response to Arguments

Applicant's arguments filed 12/22/05 have been fully considered but they are not persuasive.

Claims 1-5, 7, 9-11 and 24-26 remain rejected under 35 USC 101. Contrary to applicant's arguments on pages 11-13, the claims do not recite statutory subject matter. The system claims are composed entirely of software. The software merely provides a means for enabling a user to perform an action. The software is not executing and does not provide a useful, concrete and tangible result and are thus not statutory.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
